## SPRINKLER APPLICATION FORM

Permit fee: New system \$70.00 Modifications of 6 or more heads to any system- \$25.00.  
Modifications to 1-6 heads, submit application only.

If you are installing either a complete system or altering an existing sprinkler system, the Kensington Fire Rescue requires certain information **prior** to installation.

Plans and installation shall conform to NFPA 1, NFPA 13, NFPA 13D, NFPA 13R, NFPA 24 and NFPA 25 (editions as adopted and modified by the State of NH Fire Code and local ordinances).

### INFORMATION NEEDED:

This application shall be filled out completely and returned to the Fire Prevention Division. Submit two (2) sets of COMPLETE plans. "Complete" means that plans and application SHALL be accompanied with a letter from the designer that plans meet all requirements as required by state code and local ordinances. The plans submitted shall include all hydraulic calculations and all specification sheets for all sprinklers, piping and all other devices. For modifications, one set of plans addressing the areas being worked on shall be submitted. The Prevention Division may require updated calculations as needed.

### **THIS IS NOT A PERMIT**

**Approved plans must be on file with the Kensington Fire Rescue and a permit issued before installation work begins.**

Plans that have been approved by the Prevention Division will have a copy returned to the installer with the permit. The Division shall be notified and review any deviations from the approved plan before final testing.

Prior to final acceptance by the Kensington Fire Rescue, a signed contractors and materials test certificate for above-ground piping shall be submitted. For new systems, the Division also requires a copy of the underground-piping certificate as well.

**All inspection requests require 2-day minimum notice by installer. A fire official shall witness any required flow, air and/or hydrostatic tests.**

The below signatures are stating that the contractor agrees to the minimum requirements for this installation.
